

Good Cause Funding Application Form, and Procedure – Procedure F

The good cause pot/cauldron is an accumulating amount of 15% of every tranche; Any state registered entity is prohibited from applying or receiving this good cause funding, and any hint of personal gain from the good cause funding application may result in an application rejection;

Priority funding will be given to communal and domestic projects, and energy & waste minimisation projects, particularly domestic & communal pyrolysis devices, ethanol devices, bio-gas/ethanol/char production devices, and free energy devices, deep well solar pumps, etc;

Priority funding is also given to communal projects that align with the abundance ethos of ubuntu, uct and sacred economics;

And priority funding will be given to ilien users who require the setting up of alternative and holistic centres or the use of alternative and holistic therapies, treatments and root cause remedies;

All good cause applications will be assessed fairly; The good cause application fee is 25 ILN, and if this fee is an issue there is a way to get good cause application funding through the good cause application procedure; The funding is not issued out in stages, the full amount applied for is issued to the public address of the respective wallet, on good cause approval;

There is one small precondition, in that on project completion a project impact report may be called for, to assess the impact and effectiveness of the project; This is to educate the good cause approvers, and will not be published without the express written consent of the report issuer;
